Summer Financial Aid Questionnaire & Orientation Acknowledgement

Name (must match passport & MyEAP): __________________________ SID __________________

Section 1: Financial aid status for 2015-16

All students must check one of the two boxes below.

☐ I do not qualify for financial aid in the 2015-16 academic year, therefore I am ineligible to receive financial aid in Summer 2016. Skip to Section 3 of this form.

☐ I am receiving financial aid awards in the 2015-16 academic year, therefore it is possible that I will receive financial aid for Summer 2016. Please complete Section 2 and 3 of this form.

Section 2: Unit commitment for students expecting financial aid in Summer 2016

EAP Korea Summer participants expecting to receive financial aid must commit to taking either 2 courses (9 quarter units/6 semester units) or 3 courses (13.5 quarter units/9 semester units) prior to their financial aid packaging that takes place during late Spring. Summer gift aid eligibility is determined by total units enrolled, and will vary based upon your commitment. Students taking 3 courses (13.5 units) will have greater gift aid eligibility than a student taking 2 courses (9 units): the greater the course load, the greater the gift aid. However, the fees for the Korea program remain the same regardless of how many units you take. This means a reduced course load results in reduced gift aid, and greater out of pocket expenses. Students must keep in mind, however, that 3 courses constitute a fairly heavy course load in this summer program, so you should only commit to taking 3 courses if you are prepared to tackle a heavier workload. Once you commit to 2 or 3 courses in this application, you cannot change your mind later, or once you arrive at Yonsei. Doing so will have the following effects:

If you state now that you will take 13.5 quarter units (3 classes) while abroad, and then take only 9 quarter units (2 classes), you will be expected to pay back IMMEDIATELY the portion of your gift aid provided to you for the larger course load (roughly $1,000).

If you state now that you will take 9 quarter units while abroad (2 classes), and you decide you want to take 13.5 quarter units (3 classes), you will NOT receive any additional gift aid for the increased course load.

Considering all of the above, please indicate how many units you will take for Summer 2015 (this information will be given to the financial aid office):

☐ I expect to receive financial aid for Summer 2015 and request to be packaged for 2 courses (9 quarter units/6 semester units).

☐ I expect to receive financial aid for Summer 2015 and request to be packaged for 3 courses (13.5 quarter units/9 semester units).

Section 3: Acknowledgement of mandatory orientations at Cal and at Yonsei

All EAP participants (including students who were born in Korea, lived many years in Korea, or who have even studied at Yonsei University in the past) must attend three mandatory orientations, one hosted by Yonsei University and one hosted by the EAP Study Center after arrival in Seoul. There will be an Official EAP Arrival Date clearly listed in your pre-departure materials. Failure to arrive by the Official EAP Arrival Date, or failure to attend either of the onsite orientations may result in your dismissal from the program. Do not make any plans that conflict with the Official EAP Arrival Date or onsite orientations. Likewise, all Korea participants are required to attend the pre-departure orientation at UC Berkeley as explained in the Korea Need to Know document. Please indicate that you will attend all three orientations by placing your initials next to the statement below.

☐ I will arrive in Korea by the Official EAP Arrival Date. I will attend both onsite orientations and the pre-departure Korea orientation on campus or I will be subject to dismissal from the program.
