Host University Application Instructions: Turkey

Instructions for Boğaziçi University Summer

Immediately after submitting the EAP application, students must submit a Boğaziçi University application as part of a dual application process. Bogaziçi is expected to make their application available on or around January 5, 2016.

1. Click on [http://www.summer.boun.edu.tr/Apply.aspx](http://www.summer.boun.edu.tr/Apply.aspx)
2. Register (note: GSM is your cell phone number).
3. Follow the instructions concerning online submission directly to Boğaziçi University, including uploading your academic transcript and photo. Note that one field in the application requires a "Transcripting Mailing Address" - enter "UC EAP" in this field.
4. Submit the online accommodation request when the 16-17 housing application is available (at the same link).

Note: If you want to change your course choices, you will need to submit another online application. You must email the Boğaziçi Summer Term office to let them know you are submitting another application.

The process for EAP students differs from the process for students applying directly to Bogazici outside of an exchange agreement, but the online application system is not designed to accommodate these differences. This may result in confusing emails that are auto generated by the Bogazici system. Please note the following:

- You can disregard any generic email response from Bogazici asking you to pay a registration fee or tuition fee. You will pay your tuition and registration fees directly to UCEAP. Bogazici online course registration is open when registration and tuition is paid. The timing of the payment from UCEAP to Bogazici (on your behalf) does NOT depend on the timing of your own payment to UCEAP, so you will follow the payment deadlines indicated in your UCEAP Pre-Departure Checklist (emailed to you at a later date) and not the payment deadlines emailed to you by Bogazici.
- Bogazici University will email you concerning online course registration and your accommodation request. EAP students DO pay for housing directly to Bogazici. Make your housing payment online directly to the Summer Term office by the deadlines indicated by Bogazici.
