

Need to Know: Italy/Immersion Semester or Year –

University of Bologna; University of Commerce Luigi Bocconi

Objective of the “Need to Know” Document

The Need to Know document is an advising tool written by a Berkeley Study Abroad adviser to review program specific details that may impact a student’s *decision to apply* for an EAP program. The document is *not* a summary of eligibility requirements, academic, housing, application and other logistical details freely available to students on the UCEAP and BSA website, and reviewed by a student in the Program Self-Assessment.

To apply, go to <http://studyabroad.berkeley.edu/eap/how-to-apply> and follow the steps.

The best sources of detailed program information are the UCEAP webpages for these Italy options <http://eap.ucop.edu/OurPrograms/italy/Pages/default.aspx> and the Bologna and Bocconi Guides <http://eap.ucop.edu/guides/Pages/default.aspx> from the prior academic cycle.

If any concerns you have are not addressed in the UCEAP website, Program Guide, or Need to Know document, please contact the BSA Italy adviser.

Adviser Contact Information

For EAP Adviser name, phone, email and drop-in advising hours, visit <http://studyabroad.berkeley.edu/contact/advising>

Why Study Italian?

- For career and professional reasons: http://weloveitalian.org/?page_id=1292 Italy has the eighth largest economy in the world and the second largest manufacturing surplus in the EU. And so many more good reasons...
- Because it’s popular: <http://www.italiantribune.com/italian-the-worlds-fourth-most-studied-language/>
- It’s easy and fun to take an Italian course at Cal: <http://italian.berkeley.edu/> Consider a double-major or minor!

UCEAP Alumni/ae and UCEAP Reciprocal Exchange Students from Italy; videos of Bologna

UCEAP alums and UCEAP “reciprocity” students are also good resources for information about the program. If you would like to be put in touch with them, simply send the Italy Adviser an email addressed to the alums and/or reciprocity students (e.g., “Dear alums, or Dear Reciprocity Students, I have some questions about the program...”, then list a few of your questions) and the message will be forwarded to them.

Also, some links to short videos about Bologna are included on page 6 of this Need to Know memo. Spend a few minutes enjoying an introduction to this wonderful city by UCEAP students and others. Then consider participating in UCEAP’s full immersion program there – you won’t regret it. See page 4 of this document for further details about the University of Bologna, the oldest university in Europe, founded in 1088 – almost 800 years earlier than Cal.

Financial Aid and Scholarships for Study Abroad

- View UCB financial aid details and many scholarship opportunities on our webpage: <http://studyabroad.berkeley.edu/finances>
- Deadlines to apply for scholarships are earlier than you may think, so do your research now!
- Some scholarships that are good for students going to Italy are:
 - The National Italian-American Foundation (NIAF) offers \$2500-\$12,000 grants: <http://www.niaf.org/programs/scholarships/> for details. You don’t have to be Italian-American...
 - The UCB Classics Department offers various prizes and awards for travel and study in Italy and certain other appropriate countries. See this Classics Department webpage for details <http://www.classics.berkeley.edu/resources/undergraduates> .
 - A UCEAP scholarship has been established for Cal students by the Lucheta family, creator of Torani syrups. There is no application. Recipients will be chosen based on financial aid criteria and notified of selection.

- Duttonhaver Scholarships for UCEAP year-long programs - http://eap.ucop.edu/Scholarships/Pages/Duttonhaver_DanWise.aspx
- Two UCEAP Jasmine Jahanshahi Scholarships in the amount of \$2,500 each are available yearly for students on semester or year-long UCEAP immersion programs. For full details, see <http://eap.ucop.edu/Scholarships/Pages/JasmineJahanshahi.aspx> .
- UC Berkeley's Institute of International Studies Merit Scholarships – non-need-based scholarships of up to \$2000 each to support undergraduate research (can be done abroad) in any area of international studies (deadline is in November) - <http://iis.berkeley.edu/content/undergraduate-merit-scholarships>

New majors may apply for Bocconi

In addition to Business Administration and Economics, students majoring in Legal Studies, Political Science, and Political Economy, and those minoring in Public Policy, may now apply to study at University of Commerce Luigi Bocconi in Milan, as courses in those fields are available in English to our students. Further details are explained below.

Grad Students

Please read the "Graduate Students" link on our website at <http://eap.ucop.edu/OurPrograms/Pages/GraduateStudents.aspx> in order to know what you need to do right away to find out if UCEAP can work for you, i.e., complete and submit to our office the "Graduate Preliminary Inquiry Form" (GPIF.) The GPIF is an academic planning form that graduate students fill out for semester and year programs to confirm with the study center that the UCEAP program offers graduate courses they will be able to use towards their degree.

Learn about Italy before Choosing your Option and Writing your Statement of Purpose

Try http://www.iicsanfrancisco.esteri.it/IIC_SanFrancisco/ for Italian cultural events in the Bay Area. Read the Lonely Planet and other books and on-line resources about Italy's history, politics, art, and culture. Read up on Bologna and Milano ("Milan" in English.) A recommended reading list is included in the Program Guide to Italy (see top for link.) You should read about Italy before writing your Statement of Purpose, so you know something about the country and the city in which you want to study. A typical Italian university student knows far more about the U.S. than the typical UC student knows about Italy. You still have time to increase your knowledge before you go there. Take courses next semester about anything related to Italy --- you'll be glad you did once you arrive in Italy.

Selection Interviews

If you need to be interviewed, you will be notified by the Italy adviser after your application has been reviewed.

Important Dates

In case you are selected, please mark your calendar now for the mandatory 3-4 hour Italy orientation. For Fall or Year, reserve *Saturday, May 6, 2017* (8 AM to 8 PM, exact time TBA.) For Spring '18 reserve *Saturday, December 2, 2017* (8 AM to 8 PM, exact time TBA.) Once the exact date and time have been chosen, you'll be notified by the Italy adviser.

Critical Passport Details

Your passport must be valid for *3 months beyond the end date of the UCEAP program* --- check the dates on the UCEAP Italy webpages to check this year's end dates – your program will be similar.

Also, your MyEAP application name and your passport name must be identical (not just similar!) If there is a discrepancy of even one letter, hyphen, middle initial vs. full middle name, Jr., etc, the Italian consulate will not issue you a visa. Please check your passport name and use precisely that name on your MyEAP on-line application, even if it doesn't match the name you use at UC Berkeley. If your passport name has an error, either get your passport fixed before you apply for UCEAP, or simply use the incorrect name on your MyEAP application in order to avoid a crisis later on.

Visa Application Prevents Travel Abroad Three Months Prior to Program Start Date

Due to the complicated, bureaucratic student visa application procedures followed by the Italian consulates, you should not make any plans to travel abroad in the three months leading up to the beginning of your program in Italy. The Italian consulates require that UCEAP students submit their visa application paperwork *and their actual passport* to them. Thus, you will not have your passport while your visa is being processed. It may be possible to apply for a duplicate US passport, so if you must travel outside of the US during the three months prior to the official start date of your Italy program, you should contact the National Passport Agency to find out how long it will take to get the second passport and how to apply for it, just in case you need to. Detailed instructions on the student visa application process for Italy will be included in an e-mail from the systemwide office of EAP (UCEAP) near Santa Barbara after selection. Do not purchase a plane ticket or make any other irreversible travel plans until you have received those instructions.

Graduating Seniors Spending their Last UC Semester or Year in Italy-Immersion

If you are in the College of Letters and Science, please be aware that you will be awarded your degree the term *after* your final semester on UCEAP. (If you're in a different college, please check on its policy regarding this matter.) For example, if you study just for Fall '17 in Italy, your UC degree will probably be awarded in May '18 rather than in December '17 and if you study for the entire year in Italy, your degree will have an August date rather than a May date. This delay is due to the fact that in most Italian universities, the first semester ends in mid-February and the second semester ends in June or July so your grades will not arrive at UCB in time from Italy for you to be put on the degree list in the usual month. This is normally not a problem, but if you plan immediately after UCEAP to attend graduate school or apply for a scholarship or job that requires proof of a Bachelors degree, you should inquire whether the delay in your degree will create a problem for you in your particular circumstances. Also, graduating seniors must enroll in a full course load while abroad, even if they do not need the courses or units for graduation. (Requests by DSP students who provide documentation may be considered for a reduced course load.) Only one-third of units taken abroad may be on a P/NP basis (typically about one course); the rest must be letter-graded.

Medical Marijuana

Marijuana is not legal in Italy, even if you are approved for medical marijuana use in California. Please consult with your primary care physician for a legal substitute before applying to the program.

Bocconi Spring Final Exams in late June: If you plan to get an internship or job that begins before July 1, Bocconi is probably not a good Spring Semester choice because students may not leave early. Maastricht in the Netherlands is a good European alternative if you need BusAd/Econ courses in English; Rome or Florence are good alternatives if you don't need BusAd/Econ courses and studying in Italy is your primary objective. Those programs end earlier than Bocconi.

Bologna Fall Calendar

In Bologna, some Fall Semester courses are taught in "modules" that end in late January, but many others end in December. The study center says that students have been able to find many professors who were willing to allow them to take early exams in mid-December so they can depart before Winter Break to return to California, but not every professor will be so inclined. Students will need to negotiate with professors at the beginning of the Fall Semester to see if they will be willing to accommodate their wish for early exams. The UCEAP study center staff in Bologna can assist you in finding courses that can work. If you have any concerns about this, please email the Italy adviser. The calendar is not an issue in Spring, though early departures (for jobs, internships, etc.) are not permitted.

Pre-Intensive Language Program (Pre-ILP)

All Fall and Year Bologna applicants who will have completed only Italian 2 or 3 by the end of Spring '17 *must* participate in the summer pre-ILP in Florence; students who will have completed Italian 4 or more are not allowed to participate. If you must participate in the pre-ILP, be sure to choose that option when you fill out the on-line MyEAP application to indicate your intention to do so. The pre-ILP is not an option for Bocconi. There is no pre-ILP for Spring, so students must complete Italian 4 before departure for Bologna and for Bocconi if they wish to take courses taught in Italian.

Taking Italian Language Classes P/NP

Italian classes fulfilling the minimum language requirement may be taken P/NP, *but with your application you must provide a written note from your instructor or the Italian Department stating what your letter grade would have been. It is your responsibility to make arrangements for this without prompting from the Italy adviser or BSA office.*

Undocumented Students

Undocumented students who are granted Deferred Action for Childhood Arrivals (DACA) may be eligible to study abroad with Advance Parole. Students who intend to study abroad with DACA need to be organized and work with the UC campus study abroad adviser and the Undocumented Students Program (USP) Office: <http://undocu.berkeley.edu/>
Liliana Iglesias: liliesias@berkeley.edu

Undocumented students who qualify for DACA should consult with an immigration attorney in USP before enrollment in UCEAP to evaluate any risks of potentially being unable to re-enter the United States upon completion of the Program and any impact that participation in UCEAP might have on any deferred action applications that the student may be pursuing. It will be necessary for the student to work out an appropriate timeline for the Advanced Parole process and possible visa application process for the country of study.

Students must carefully review the UCEAP Program Budget(s) and Payment Schedules in the Money Matters tab of their program's Pre-Departure Checklist and assess the financial risks of a potential withdrawal from the program in the case that Advanced Parole is not approved.

Competitiveness of the Programs

Bocconi has increased the number of UCEAP students it will accept so we do not anticipate that this option will be impacted. **Bologna** has not been impacted recently. Applicants who meet the eligibility requirements have a good chance of being selected.

Italian Universities are Different from U.S. Universities!

To understand the differences, please read the section in the Bocconi and Bologna Program Guides on academic culture (link at top.) It would also be helpful to talk with alums who have recently returned from UCEAP in Italy about what it's like to be a student there. You can send the Italy adviser an e-mail with your questions and he will forward it to them. You can also ask the Italy adviser about this issue during his drop-in advising shifts. He learned a lot about this interesting and important subject during his business trips to Italy in 2002 and 2015. It is a reality to be taken seriously before you decide to apply to study in Italy, as you will be operating under Italian norms while there. Sometimes students ask me how strict the grading is in Italy. It is impossible to generalize. Most students fare about as well in Italy as they do in Berkeley, if they study diligently. There is no guarantee, however, that all grades will be perfect A's, even with diligent study (just as there isn't at Cal). Much depends on what the individual professors are like and what they expect from American students. Occasionally, students are upset because they receive, for example, a B+ instead of the A- they think they deserve. Just as at Cal, it is most unlikely that grades will be altered, unless clerical error can be shown. Studying in another country entails some degree of risk, but in the end, the vast majority of study abroad alums would insist that the long-term rewards far outweigh the risks.

How to Choose an Italian Host University – General

It is important for you to do research using the various resources on the UCEAP website to determine which host university has the best opportunities for your academic objectives. Start with the UCEAP webpages for Bocconi and Bologna <http://eap.ucop.edu/OurPrograms/italy/Pages/default.aspx> and read them thoroughly. In the Courses and Credits tab, click on the link for the academic sections of the Bocconi and Bologna Program Guides for an explanation of how academics work at each university, as they are quite different. Then go to the MyEAP Course Catalog to view all courses taken by all EAP students in the past five years at each of these universities. This is just a subset of what could be offered, so also check out the actual host university websites to get a sense of what else might be offered, though it is not always easy to find courses on the Bologna website; Bocconi's website is easier to navigate. Also keep in mind that not all of the courses you see in the MyEAP Course Catalog will be offered the semester you're there, but the Catalog can give you a good sense of what offerings have been in the past so you can see if your major is well represented.

If, after researching all the materials mentioned above, as well as below, you are not sure which university would be best for you, please ask me (Scott McElhinney), the Italy adviser, for advising during my UCEAP drop-in hours (M 10-12, Th 2-4) or email me at scottmc@berkeley.edu to make a special advising appointment with me if those hours don't fit your schedule. Please bring copies of what you found in your research that is pertinent to your academic goals in Italy.

Specific Details about Disciplines at the Universities

If you want to study **Econ or BusAd in English**, Bocconi in Milano is your only choice.

If you want to study **BusAd or Econ in Italian**, you can do so at both Bocconi and Bologna. Be advised, however, that Economics courses at Bologna are very challenging, even for well-prepared students from Cal. I would encourage you to investigate course offerings at Bocconi as well to see if the kinds of courses you need are typically available at that excellent institution.

If you want to study **any other subject in Italian** for a semester or year, look to see if Bologna offers what you need to get your academic needs met. It probably does.

Political Science majors who want to take courses only about the European Union and its policies should not choose Bologna for logistical reasons. (The courses are taught in the town of Forli, about 70 km away.) Otherwise, Bologna is very good for Poli Sci majors. Bocconi now allows PS, PE, Legal Studies, and Public Policy students to study there in English, though course offerings are somewhat limited, so review their courses carefully. http://www.unibocconi.eu/wps/wcm/connect/bocconi/sitopubblico_en/navigation+tree/home/campus+and+services/service/s/international+relations/international+students/international+student+desk/before+your+arrival/educational+offer

Architecture majors: Courses related to Architecture (though probably not studios) are available at Bologna, though few may appear in the EAP Course Catalog. Check the host university's website for additional information.

Art Studio/Practice majors: If you want to take art studio courses in Italy through UCEAP, you should apply for Bologna. UCEAP has an agreement with the Academy of Fine Arts there. You may take one or two art courses at Accademia di Belle Arti di Bologna for which you have the appropriate background and the rest of your non-art curriculum at the University of Bologna.

Courses at the Accademia generally begin in late October. (Students on the Fall Semester only program will not be able to take courses at the Accademia since they run through February, so these courses work only for Spring and Year students.) The second semester begins in March.

Studio art courses are intended for advanced level students only since the coursework is at the advanced level. In fact Italian students who are admitted to the Accademia for the LAUREA degree program come principally from a LICEO ARTTISTICO where they have spent 5 years preparing for the Accademia experience. Admission for Italians is based on an entrance exam and the presentation and discussion of a portfolio.

While it is true that courses at the Accademia are intended for Studio Art majors, UCEAP has had a certain degree of success also with non Studio Art majors who have taken courses primarily in printmaking and painting. The best courses at the Accademia seem to be in the following fields: painting, printmaking, drawing, and sculpture. Photography is very problematic because the Accademia does not have its own darkroom, forcing students to use private photo labs which are generally quite expensive.

Bologna – Further Information

UCEAP students have been studying at Bologna for over 25 years.

Bologna is one of the highest ranked comprehensive universities in Italy, usually ranked #1. Central Bologna is largely a medieval city with a high energy level and a lot of nightlife.

Internships for academic credit are available and the study center can assist you. For further information, see http://eap.ucop.edu/OurPrograms/Italy/Pages/univ_of_bologna.aspx?t=5 Be sure to watch Jane Huson's Bologna Internship video on that link. For a list of typical internships, see http://eap.ucop.edu/Documents/OurPrograms/Italy/Bologna_Internship_Chart.pdf

Students who aren't sure initially that they want to spend the entire year abroad can opt for fall and then ask to extend for spring semester if they like it.

Please note that students who want to apply for Spring Semester in Bologna (or Bocconi for courses taught in Italian) must have completed through Italian 4 by the end of Fall Semester because there is **not** a pre-ILP to cover the second year of Italian as there is in summer prior to Fall Semester. There is, however, a regular ILP before these Spring options begin.

Bologna students must find their own housing for the entire period they are there, with guidance from the study center. Homestays are not arranged. Almost all UCEAP students in Bologna choose to live in apartments shared with Italian students. You may choose to stay in a hotel or hostel when you first arrive in Bologna, so that you can have a look around before deciding where to live. UCEAP students successfully find housing in Bologna every year – it's a little intimidating, but ultimately gratifying when you've accomplished it. Plus, you get to choose your apartment, and the people you'll share it with! UCEAP students who are finishing their stay in Bologna actively seek out new UCEAP students to fill their rooms if they think their roommates and location are positive, so you could end up taking over a room from a departing UCEAP student, which makes it easy, too.

The **Pre-Intensive Language Program (pre-ILP)** makes it possible for students to apply for the **Bologna** program without having to complete Italian 4 at Cal --- *just Italian 2 is enough for the Fall or Year options!* The pre-ILP in Florence will cover enough of second year Italian to prepare students for the Intensive Language Program (ILP) in August which precedes the beginning of Fall Semester in Bologna. Then students enroll in the regular courses offered along with regular Bologna students from Italy. Students may also enroll in a course taught in English. They are fewer in number, however, so students should plan to take most of their courses taught in Italian so they have the full array of courses from which to choose.

To find regular courses that have been taught in English in Bologna, go to the main Public Course catalog on the UCEAP website: <http://eap.ucop.edu/OurPrograms/Pages/CourseCatalog.htm> and then select "Advanced Search" at the top left of the search screen. Once the Advanced Search is opened there is an option to select Language of Instruction so you can look for courses at each institution that were taught in English and taken by a UCEAP student in the past five years. Those courses will not necessarily be offered the semester you are there, but this gives you a sense of the variety that is typically offered.

If you will have completed at least Italian 2 by the end of spring semester, I encourage you to give serious consideration to choosing a full immersion option, as it will greatly enhance your Italian proficiency and cultural knowledge. Though a greater challenge, the rewards are greater as well, especially if you intend to pursue graduate studies or a career related to Italy or the European Union.

The prospect of taking courses taught in Italian at a regular university may seem impossible now, given that you may have studied Italian for only a semester or two so far, but with the help of the pre-ILP, ILP, and the UCEAP Study Center in Bologna, your Italian will improve quickly enough for you to do reasonably well in your courses, if you study hard. And if you can stay for the year, your second semester will be much easier than the first since your Italian will be much better then and you will have made Italian friends, including those with whom you share an apartment.

UC students have been succeeding at these kinds of immersion options for over 50 years, so you can, too! I spent my Junior Year at Cal with EAP in Germany, so I know what it's like. So feel free to discuss this with me (Scott McElhinney) during my UCEAP drop-in hours in 160 Stephens Hall: M 10-12 and Th 2-4.

Check out these numerous Bologna videos, as well as blogs by UCEAP students!

→ UCEAP Bologna students give their impressions of studying abroad in Bologna: (pre-ILP is now in Florence rather than Siena)

Long version: <http://www.youtube.com/watch?v=dMiB4Bb6lew> (~12 minutes)

Short version: <http://www.youtube.com/watch?v=bQQGccj9syg> (~4 minutes)

→ **Melissa's blog**: She has some great information as well and has really integrated into the culture. She is part of the Unibo choir and as a vegan she also put together a great list of vegan-friendly places in Bologna! <https://belissimelissa.wordpress.com/>

Bocconi – Further Information

No prior Italian is required. The Intensive Language Program (ILP) at Bocconi is required of all participants just before the beginning of the semester. Students may continue studying elementary to intermediate Italian during the semester though an extra fee is charged by Bocconi. Most courses at Bocconi are still taught in Italian so only a subset of ~60 (mostly BA and Econ, plus some PS/PE/LS/PP) undergraduate courses in English per year will be available (another ~90 grad level courses for grad students, should they apply.) Students who have completed Italian 4 by departure are encouraged to take courses taught in Italian at Bocconi.

How to look up courses at Bocconi:

MyEAP Course Catalog - <http://eap.ucop.edu/OurPrograms/italy/Pages/university-of-commerce-luigi-bocconi.aspx>
Click on the “Courses and Credits” tab, then the link to the MyEAP Course Catalog to see a list of courses previously taken by UCEAP students at Bocconi. Additional courses may be available and not all courses may still be offered.

For **general information** about Bocconi:

http://www.unibocconi.eu/wps/wcm/connect/Bocconi/SitoPubblico_EN/Navigation+Tree/Home/

Course Offerings

http://didattica.unibocconi.eu/ts/index.php?anno=2017&urlBack=/wps/wcm/connect/bocconi/sitopubblico_en/navigation+tree/quick+reference+for+current+students/course+profiles/courses+offered+in+academic+programs+2016-2017a.y.

This webpage gives access to lists of courses offered in Fall/Spring 2016-17. Undergraduate courses begin with 30.

Minimum eligibility requirements: The minimum GPA was raised recently from 3.0 to 3.2 because many UCEAP students have been struggling, some due to excessive traveling. You must be a BusAd, Econ, Legal Studies, Political Econ, or Poli Sci major (or Public Policy minor) to be eligible for Bocconi. (If you're any other major, you must meet with the Italy adviser to request permission before you apply. Approval is not guaranteed.) Please discuss your plans with your major adviser well before you apply regardless of major.

All Bocconi applicants must complete the "Program Preparation Report: Bocconi" form https://studyabroad-prod.berkeley.edu/apply/2017-2018/Italy/ProgramPrep_Bocconi.pdf in the Application Checklist for Bocconi and submit it with the rest of the hard copy Application Checklist materials.

The minimum coursework and grade requirements are:

- all applicants – a cumulative GPA of **3.2** by the time of application review (January for Fall; June for Spring;)

For Econ majors and all other applicants wanting to take Econ courses at Bocconi:

- a 3.0 GPA in all Econ/BusAd courses taken (and IAS 106-107 if taken);
- no grade lower than a B- in any of the following courses: one Calculus course (this can be lower division,) as well as in Econ 100A and B, BusAd 101A and B, or IAS 106 and 107.
- Please note: BOTH the upper division Micro and Macro Economics courses MUST be completed before departure.
- At least one of them must be completed (preferable) or at least in progress at the time of application.
- *Econ majors are expected to take some Econ courses at Bocconi.*

For BusAd majors and all applicants wanting to take BusAd-related courses in Bocconi's Accounting, Decision Sciences, Finance, Marketing, or Management departments:

- a 3.0 GPA in all Econ/BusAd courses taken (and IAS 106-107 if taken);
- a grade of B- or higher in one course in Calculus or Statistics (this can be lower division) that will be completed by Fall 2016 for Fall 2017 applicants or in Spring 2017 for Spring 2018 applicants.
- *BusAd majors are expected to take some BusAd courses at Bocconi.*

Legal Studies, Poli Econ, and Poli Sci majors (and Public Policy minors) who are planning to take courses only in Bocconi's Law or Policy Analysis and Public Management departments must meet individual course prerequisites, per the Bocconi webpages listing courses offered. *Students in these majors/minor will not be allowed to take Econ or BusAd courses at Bocconi unless they will have met the prerequisites above.*

Students with considerable coursework completed in their field of study at Bocconi by departure are the best fit for Bocconi, as it is a competitive and rigorous school, so be prepared to work hard there. It will be well worth the effort.

Mille grazie! Buona fortuna!
